His friend is dead and buried. Years before, Eddie Gamboa had saved Court's life. Now, Eddie has been murdered by the notorious Mexican drug cartel he fought to take down. The one thing you never talk about while you're in the Scholomance is what you'll do when you get out. Not even the richest enclaver would tempt fate that way. And now the impossible dream has come true. I'm out, we're all out—and I didn't even have to turn into a monstrous dark witch to make it happen. So much for my great-grandmother's prophecy of doom and destruction. I didn't kill enclavers, I saved them. Me and Orion and our allies. Our graduation plan worked to perfection: We saved everyone and made the world safe for all wizards and brought peace and harmony to all the enclaves everywhere. Ha, only joking! Actually, it's gone all wrong. Someone else has picked up the project of destroying enclaves in my stead, and probably everyone we saved is about to get killed in the brewing enclave war. And the first thing I've got to do now, having miraculously gotten out of the Scholomance, is turn straight around and find a way back in. In this "perfect 'fix' for the thriller aficionado" (Associated Press) and #1 New York Times bestseller, maverick FBI detective Amos Decker must forge an uneasy alliance with the Defense Intelligence Agency to prevent an international incident that could spell the end of the United States as we know it. Amos Decker witnesses a murder just outside FBI headquarters. A man shoots a woman execution-style on a crowded sidewalk, then turns the gun on himself. Even with Decker's extraordinary powers of observation and deduction, the killing is baffling. Decker and his team can find absolutely no connection between the shooter -- a family man with a successful consulting business -- and his victim, a schoolteacher. Nor is there a hint of any possible motive for the attack. Enter Harper Brown. An agent of the Defense Intelligence Agency, she orders Decker to back off the case. The murder is part of an open DIA investigation, one so classified that Decker and his team aren't cleared for it. But they learn that the DIA believes solving the murder is now a matter of urgent national security. Critical information may have been leaked to a hostile government -- or worse, an international terrorist group -- and an attack may be imminent. Decker's never been one to follow the rules, especially with the stakes so high. Forced into an uneasy alliance with Agent Brown, Decker remains laser focused on only one goal: solving the case before it's too late.
